Rindge, Feb. 15, 1911.

THE INGALLS MEMORIAL LIBRARY,

REPORT OF THE TRUSTEES,

For the year January 1, to December 31, 1910.

It is with pleasure that we report a very prosperous year for the library, with a large circulation of books. The number of juveniles issued has been good, and the unbound magazines have circulated more freely than ever before. We wish especially to express our gratitude for the very generous remembrance of our museum in the will of Mrs. Rugg. Her kindness and public spirit as well as that of the heirs of Mrs. Wellington, have added so much to our colonial collections that another case will be necessary to exhibit our new possessions.

There is one point to which we wish especially to call attention. It is always difficult for people living at a distance to return their books on the library days. We have always endeavored to place the fewest possible restrictions on the use of the books, but advantage has been taken of this liberality and in some instances serious inconvenience has been caused by the unnecessary retention of books, and the refusal to pay the just fines of books overdue. We feel that as the rules are plainly printed in each volume, and as there is no other charge for the use of the library, that we must ask co-operation in our efforts to keep the library in the best possible order. The librarians both at Rindge and West Rindge, are acting

under our directions and will, we feel sure, be considerate in their enforcement of the rules, but the books must be returned if called for from the desk, and the fines must be paid by those who wish to continue to use the privileges of the library.

We ask from the town an appropriation of three hundred dollars, in addition to the vote of the town, in order to enable us to meet the necessary expenses of the current year.

Respectfully submitted,
HERBERT I WALLACE,
EZRA S. STEARNS,
MARY LEE WARE,

HERBERT I. WALLACE,
Treasurer.

REPORT OF THE LIBRARIAN,

For the Year ending December 31, 1910.

One hundred and fifty-eight books were added to our library during the year, including a few which were given by Mrs. Nellie Hoyt, Rindge Congregational Sunday School, Miss Ware and others.

Among a collection of old books given by the late Jason S. Perry, are a number which belonged originally to the Rindge Library, spoken of on page 397 of Stearns' History of Rindge. These were given to the library at my request.

The history of the town of Lebanon was received from that town in exchange for a copy of the history of Rindge.

Mrs. Sarah O. Rogers has loaned The Cosmopolitan, McClure's and The Woman's Home Companion, and Mrs. Jennie Ballard has given The Saturday Evening Post. The World's Work has been added to our regular list and proves to be a favorite magazine with the patrons of the library.

By the will of Mrs. Eliza A. Rugg the library received a valuable collection of antiques, including a chair once belonging to Gov. Dudley of Massachusetts, jewelry, brass andirons, shovel and tongs, old china and books.

Our list of juvenile books is remarkably good, and I am glad to learn that our present school superintendent favors their use in the schools. The circulation of history and travels is largely juvenile, and a good proportion is through the schools. In the schools the children are taught to handle the books carefully. This is well.

Following is the table of circulation for 1910:

	Books.	Daily Average.	West Rindge Library.	Juveniles.	Unbound Magazines
January,	243	27	12	75	29
February,	214	31	3	92	32
March,	299	33	11	81	32
April,	255	28	30	87	39
May,	242	30	18	87	53
June,	256	28	14	106	31
July,	295	33	22	132	20
August,	332	37	14	100	64
September,	190	24	23	70	40
October,	217	24	20	85	60
November,	324	36	23	169	56
December,	289	32	13	137	75
Totals,	3,156		203	1,221	531

The different classes stand as follows: Fiction, 2287; History, 104; Travels, 118; Biography, 95; Natural Science, 144; Poetry, 67; Miscellaneous, 341. Largest daily circulation, 63, on November 9. Number of cards issued in 1910, 42. Whole number of cards issued to Jan. 1, 1911, 957.

Respectfully submitted,

ELLA M. BRIGHAM,
Librarian.

REPORT OF
WEST RINDGE BRANCH LIBRARY.

For the Year ending December 31, 1910.

Whole number of books circulated, twelve hundred and forty-seven (1247). Of this number one hundred and nineteen were from the "Ingalls library" and circulated through the "Branch library." Eighty books were sent to the "Ingalls library." Whole number of cards issued to Dec. 31, 1910, four hundred and fifty-seven. Twenty-eight new names were added to the list of patrons this year.

The different classes stand as follows: Fiction, 932; Sociology, 46; Natural Science, 28; Useful Arts, 27; Fine Arts, 17; Poetry, 59; Travels, 48; Biography, 37; Modern History, 37; Miscellaneous, 16; Juvenile, 418.

We are pleased to report that one hundred and fifteen new books have been added during the year. The larger part of them were given by Miss Ware, and a few by friends of the library. Rev. Mr. Cooke of East Rindge has given a year's subscription to the "Literary Digest"; Miss Ware has added copies of "The National Geographic Magazine," "American Forestry," and "Conservatism," all of which we acknowledge with gratitude.

The new supplement to the catalogue, including all books during ten years past, 1900-1910, will be found in many ways to be very convenient and very acceptable.

Respectfully submitted,

M. LIZZIE WETHERBEE,
Librarian.

REPORT OF A. E. TAGGART, CONSTABLE,

For the Year ending February 15, 1911.

We have the remarkable report to make that not a single arrest has been made during the entire year. We attribute this to the co-operation of the officers and citizens in the past, in clearing out places where liquor was sold, and also that there is no license town nearer than Fitchburg.

Respectfully submitted,

A. E. TAGGART.

Town of Rindge, Dr., to A. E. Taggart, as constable for the year ending February 15, 1911. For services rendered:

SCHOOL REPORT.

The past year has been in some respects an unusual and somewhat difficult one, owing in part to the resignation of two of the members of the school board and in part to the law passed January, 1909, regarding the payment of tuitions outside the state. The disputed tuitions have been paid because we believed we were acting in accordance with the will of the people of the town in doing so, though lawyers did not agree in their opinions as to whether we could legally do so. In paying them we have acted upon our own unbiased and uninfluenced judgment, believing the people would stand by us, for we have overrun the sum appropriated for the payment of tuitions.

We are glad to see that every year more boys and girls are going out of town for higher education. Never in the history of the world has education been so general and so free as now, and we wish the time might come when every boy and girl in the United States would take advantage of it.

Our teachers this year have worked hard and been faithful. All have not been quite "models" though some deserve high praise.

We wish parents realized that when their children do not advance in their studies, and take little interest in the school the fault is often due wholly or in part to the parents themselves, and would take steps to correct their own failings, the children would often do better work in school. I refer to the habit of many parents and guardians of making disparaging remarks about the teacher or

the school in general before the children. The attitude of such children toward the teacher is either hostile or defiant, and the teacher is at a loss as to the cause of the friction between herself and the pupil, or how to gain his good will. There must be harmony between teacher and pupil if the teacher is to be successful and parents should take great care to make before children only such remarks as will be conducive to harmony.

Only one schoolroom has been cleaned this year. Women were engaged to clean all the schoolrooms, but owing to scarcity of water this could not be done.

We find that the Kurvinen children live within the limits of the town of Ashburnham. This entitles us to require a tuition fee just as we are paying Jaffrey for the Crocker children who live within the limits of Rindge. (In the latter case, however, transportation is also necessary.) We have sent a bill to the schoolboard of Ashburnham, who have not yet paid it but have approved the bill.

It will be seen that our financial report this year takes a somewhat different form from usual. This is in accordance with an outline suggested by State Superintendent Henry C. Morrison, the object being to have uniform reports made throughout the state. This facilitates the work of those who have to deduce reports from these to be sent to the State Department of Education. Most towns are adopting this form. We believe it is much superior to the old, being more clear, concise and logical.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the School Board:

Herewith is presented my second annual report, the seventh report of the superintendent of schools in Rindge.

Except where sickness caused unavoidable absences, the attendance in the Rindge schools has been excellent the past two terms.

It is true that there are many absences which would not occur if parents realized the detriment to the child and the school which comes from irregularity in attendance. There has been an excessive number of instances of tardiness, most of which are entirely unnecessary. Lack of punctuality is not general, only a small per cent of the children are ever tardy, but these few are habitually unpunctual, and in some cases no assistance is given us by the parents, who are often responsible for the child's tardiness. It is manifestly unfair to penalize the child in such cases.

Most of our schools have done excellent work this year and the progress in reading in the primary grades has been marked. In spelling the teachers have made a special effort to teach the words assigned, and where I have tested the results, they have been good. We are using a single series of arithmetics in all the schools, and the work to be accomplished in each year is definitely assigned. The state program of studies is being closely followed, and as far as possible, we are covering the work there laid out for each grade. Thoroughness rather than amount of work covered is our aim. At the end of this year there will be ready a program of studies for the Rindge teachers, which will designate the books to be used in each grade and the work to be covered. This will be of great assistance to new teachers.

Some of our teachers do not realize the importance of neatness and cleanliness in and around the schools and are wasting the time which they spend in precept, because they give no heed to these same principles in practice.

The open water bucket and common drinking cup ought to be superseded by inexpensive water tanks, covered, and with faucets. The common cup, dipped into the pail, furnishes too easy a means for transmission of communicable diseases.

The slate boards placed in the No. 5 primary school have given fine service and I would urge that No. 8 school be similarly equipped this next year. It is the next largest school and is very poorly supplied with black-board surface.

School supplies have been economically used and the teachers have taken good care of books and other school property.

The singing in the schools has been excellent and real progress in ability to read music, as well as to sing has been made. The report of the supervisor of music is presented with this report.

The superintendent is always glad to receive suggestions or criticisms on matters concerning the schools from parents or citizens who are interested in the welfare of our schools.

Respectfully submitted,
 JAMES N. PRINGLE,
 Superintendent of Schools.

REPORT OF SUPERVISOR OF MUSIC.

Mr. J. N. Pringle, Superintendent of Schools:

The work accomplished in music in the Rindge schools is as follows:

In the first three grades, rote songs are taught. Work began with the simplest keys, notes and rests, including

individual scale and interval work daily. The new educational music course, first reader is used.

With a continuation of the technical work, the first and second readers are introduced in the upper grades. Sight singing, transposing and written work is carried on.

As a result of ear training and individual singing, monotones are fast disappearing in the grades.

I wish to express my appreciation of the kindness and courtesy shown me by pupils, teachers and superintendent of schools.

Respectfully submitted,

AMY B. KNEELAND,
Supervisor of Music.
